ASTRO GRIP

800% MORE GRIP ON BOLTS AND SCREWS

- Prevents “slipping” of tools, even on damaged bolts and screws.
- Industrial diamond powder in gel form.
- Incombustible, non-toxic, biodegradable.
- Easy to remove.
- For use with: fork and ring spanners, socket spanners, combination and grip pliers, adjustable spanners, socket screw keys and torx keys, all types of screwdrivers, power drills.

GENERAL INFORMATION

ASTRO GRIP prevents tools from slipping on damaged bolts, screws, socket screws, ...
ASTRO GRIP is composed of an industrial diamond powder and a biologically degradable gel.
When ASTRO GRIP is used on damaged objects such as rounded screwheads, the solid particles (diamand powder) are pressed between the tool and the screwhead and thus provide the required grip.
The industrial diamond powder remains stuck to the tool thanks to the gel and it can be removed easily after use. This method offers you 800% more grip.

TECHNICAL INFORMATION AND PACKAGING

Appearance (at 20°C): gel.
Odour: almost odourless.
Colour: grey to grey-blue.
Boiling point/boiling range: 100°C.
Flashpoint: > 61°C.
Vapour pressure (at 20°C): 24hPa.
Relative density (at 20°C): 1.24.
Water solubility: soluble.
Relative vapour pressure: 0.6.
Shelf life: 36 months, keep dry, cool and frost-proof.
Safety measures: consult the Safety Data Sheet.

APPLICATION AND USE

- For use with: open/closed end wrenches, pliers and combination pliers, adjustable wrenches, socket-head wrenches and torx wrenches, all types of screwdrivers, battery driven drilling machines, ...
