CARE & PROTECT LIQUID

THE RENEWER FOR SYNTHETIC MATERIALS

- Cleans, polishes and protects in just one action
- Can be used on all synthetic and plastic parts
- Very economical in use due to long lasting protective effect
- Prevents rapid recontamination of treated surfaces
- Restores the original look and colour especially on weathered parts
- Creates a high-quality semi-gloss shine for a long time period
- Contains no solvents, thus no haze is formed
- Contains silicones (less than 2% in solid form)
- Leaves no white stains on the treated material

General Information

Cleaning, polishing and protecting can easily be done in just one action with CARE & PROTECT LIQUID. The special formula renews the look of all synthetic and plastic parts, indoors and outdoors.
Especially on weathered parts, the original colour and appearance will be restored with CARE & PROTECT LIQUID.

CARE & PROTECT LIQUID prevents the rapid recontamination of the treated areas. Due to its long lasting protective effect, CARE & PROTECT LIQUID is very economical is use.
The product is safe for all users as it does not contain any solvents, thus no vapours are released.

Technical Information

Physical state: Liquid
Colour: violet
Odour: fruity
pH-value (at 20°C): approx. 7
Initial boiling point and boiling range: 100°C

Vapour pressure (at 20°C): 23 hPa
Density (at 20°C): approx. 1 g/cm³
Miscibility in water: fully miscible
Storage: frost-free
Shelf life: 24 months

Application and Use

- APPLICATION:
  - Especially created to be used for renewing all kinds of synthetic and plastic parts
  - Ideal for the use on tires, dashboards, bumpers and other plastics parts inside of vehicles
  - Suitable for other synthetic parts such as TV-housing and PC-housing
  - Can also be used indoors as well as outdoors
  - For the use in car workshops, car dealerships, car rental, house maintenance and many more
