

ECL

SOLVENT FOR ELECTRONICS

- Cleaning and degreasing.
- Removes oxidation on electrical and electronic equipment.
- Protecting effect.
- Dissolves deposits and carbon residues
- Functional, efficiency and safety.
- Does not affect plastic and paint

ELECTRO CLEANER IS INDISPENSABLE FOR MAINTENANCE TECHNICIANS!

ELECTRO CLEANER

GENERAL INFORMATION

ELECTRO CLEANER can be used on all electrical equipment. This offers advantages in terms of practical use, functional efficiency and safety. ELECTRO CLEANER cleans, degreases and removes oxidation from electrical equipment.

Ideal for Electronics, electromechanical equipment, Radio and TV servicing, Office machine servicing, domestic electrical appliance repair, pinball and video game maintenance, etc...

TECHNICAL INFORMATION

Type: aerosol
 Odour: solvent like
 Colour: colourless
 Flash point: 1°C
 Lower explosion limit: 0,7

Upper explosion limit: 12
 Density at 20°C: 0,7525 g/m³
 Shelf life: 12 month
 Safety measures: consult the Safety Data Sheet.
 Test before use on plastic and lacquer.

APPLICATION AND USE

- Applications:
 For different types of maintenance such as circuit boards, accumulators, remote switches, terminal boards, printed circuits, integrated circuits, potentiometers, fine- and miniature mechanical equipment, clocks, watches, animated models, mechanical toys, battery compartments, radio- and television compounds, and everywhere else where cleaning, lubricating and protecting is required!
- Use:
 Spray the ELECTRO CLEANER generously using the special nozzle extension tube, then remove any excess product with compressed air. For electrical panels with great residues and deposits, repeat the operation if necessary. Test before use on plastic and lacquer.

| Article nr | Name | Content | Section |
|------------|-------------------------|---------|-------------------------|
| T402001 | Electro Cleaner | 400ml | CLEANERS AND DEGREASERS |
| T402002 | Electro Cleaner + Brush | 400ml | CLEANERS AND DEGREASERS |
