NOVAPATCH DETECTABLE

GENERAL INFORMATION

NOVAPATCH DETECTABLE is a blue, self-adhesive and haemostatic bandage with a piece of metal strip. This strip ensures that the finger bandage is detectable when it is lost in the

food. Even the smallest particle can't pass the sophisticated detector.

NOVAPATCH DETECTABLE is manufactured of pure cotton impregnated with disinfecting and haemostatic products, which makes it strong and flexible.

TECHNICAL INFORMATION AND PACKAGING

Thanks to the metal foil, this bandage can easily be detected by most of the electromagnetic detectors that are used in the food processing industry. Hands can be wet or dirty when applying. NOVAPATCH DETECTABLE is resistant to water, grease, oil, sand, ...
 Information: the usage of the blue bandage is a

legal obligation in the food processing industry, because blue is a remarkable colour in this industry. Moreover NOVAPATCH DETECTABLE can electronically be traced thanks to the metal foil.
 Shelf life: 5 years, keep dry, cool and frost-proof.
 Safety measures: consult the Safety Data Sheet.
