

Automotive NOVELEC

NEC

CONTACT CLEANER

- Is used for all electrical and electronic applications.
- Cleans quickly and efficiently and renovates switches, contacts, ...
- High penetrating capacity.
- Does not corrode - does not attack most painted surfaces and synthetic materials.
- Evaporates quickly and does not leave any residue behind.

GENERAL INFORMATION

NOVELEC is a powerful contact cleaner which does not contain any chlorinated solvents. NOVELEC evaporates quickly and does not leave any residues behind

on the surface. NOVELEC does not cause any corrosion on contacts or components. If used for synthetic materials, test in advance.

TECHNICAL INFORMATION

Form: bright, transparent liquid.
Density: +/- 0,7 kg/dm³.
Flash point: < 0°C.
Solubility in water: partially.

Vapour density: heavier than air.
Shelf life: 3 years, keep dry, cool and frost-proof.
Safety measures: consult the Safety Data Sheet.

APPLICATION AND USE

- cleans safely all kinds of electric and electronic parts, instruments and appliances for telecommunications, transport, food and chemical industry
- especially suitable for cleaning printed circuits, motors, relays, adjustable resistances, revolving and tumbler contacts, alternators, etc.
