GUARANTEES THE OPTIMAL WORKING OF DRIVE BELTS

- Improves grip and prevents slipping.
- Extends life span and increases yield.
- Excellent adhesion.
- Protection for drive belts.
- Protects and prevents whistling, squeaking and creaking.
- Removes contamination.
- Does not attract any dirt or dust.

SLIP STOP

GENERAL INFORMATION

SLIP STOP has been specially designed to reduce slipping by drive belts in both automotive/HD and industrial installations.
 SLIP STOP is ideal for use in moist environments and is even

resistant to saltwater.
 SLIP STOP offers excellent adhesion and produces an immediate result.
 SLIP STOP increases lifespan by penetrating deep into pores and thus forming a flexible final layer.

Technical Information

Basis: typolin adhesive agent and solvent, resin and tar free.
 Density: 0,64 g/ml.
 Propellant: propane/butane.
 Odour: solvent.

Resistance: water and saltwater
 Shelf life: 12 months, keep dry, cool and frost-proof.
 Safety measures: consult the Safety Data Sheet.

APPLICATION AND USE

- column drilling machines
- metal and wood lathes
- drive and coupling belts for ventilators, washing machines and dishwashers, lawn mowers, concrete mixers, cars, trucks, tractors
- milling machines
- moving sidewalks and other tool machines and vehicles
- belts in hi-fi equipment, videos and household appliances
