General Information

ROOM FRESH is a further addition to our “green” line of air freshener products. It outperforms gel, wicks, and aerosol products.
ROOM FRESH reminds you when to change it – no more guessing, just pull off the week and month tabs to show when it needs to be replaced; consistent odor control – by using the ROOM FRESH date tabs, you’ll know when to replace it.

ROOM FRESH causes no “spraying fragance showers”. It can be used in any room that will have foot traffic. Such as: bathrooms, offices, hallways, locker rooms, foyers, classrooms, reception areas, and anywhere there may be a risk of skidding and falling on contaminated floor coverings by spraying systems.
