

PTC

CLEANS, LUBRICATES AND PROTECTS COMPRESSED AIR TOOLS AND INSTALLATIONS

- Suitable for all compressed air driven devices and equipment.
- Drives away moisture and cleans.
- Prevents catches and blocking.
- Increases the RPMs and gives a better yield.
- Guarantees a longer life span.

Notice

All information including images are given with the greatest care. Still, it is appropriate to users regardless of the test the suitability of each product for their own purposes. Novatio is not liable for the completeness and accuracy of information and refuses warranty for your specific use. The guarantee, which Novatio products provide, relates only to the standard conditions of sale of this product. In no case Novatio can be held responsible for incidental damages, or damages for improper use or sale of the product to another customer.

PNEUMATIC TOOL CLEANER

General Information

PNEUMATIC TOOL CLEANER has been specially developed to give pneumatic equipment a longer lifespan. PNEUMATIC TOOL CLEANER cleans all pneumatic equipment, with the result that these get blocked less

quickly. PNEUMATIC TOOL CLEANER lubricates and protects the machine so that it has a better yield. PNEUMATIC TOOL CLEANER drives away moisture from pneumatic equipment and installations.

Technical Information

Physical state (at 20°C): liquid
Odour: characteristic
Boiling point: 187°C - 300°C
Vapour pressure (at 20°C): 8530 hPa
Relative density (at 20°C): 0.81
Self ignition: 255°C.

Solubility in water: non-soluble
Dynamic viscosity (at 20°C): 1 mPa.s
Kinematic viscosity (at 20°C): 1 mm²/s
Protection period: 1 - 6 months depending on the systems and use.
Shelf life: 12 months, keep dry, cool and frost-proof.
Safety measures: consult the Safety Data Sheet.

Application and Use

- internal cleaning and lubrication of compressed air machines
- release jammed valves and moving parts
- drives moisture away from installations and equipment
- detaches dirt and dust, which means the internal mechanism will react more quickly
- prevents the deposition of lime
- lubricates roller bearings, ...
- can be used with chipping hammers, spray guns, hammer drills, compressors, pressure switches, nailing machines, staplers, ratchet spanners, impact wrenches, drum pumps, pneumatic drills, sheet metal nibblers, sanders, etc.
