BREEZE CAP

FOR A WATER EFFICIENT, CLEAN AND ODOURLESS URINAL

- Easy fit for the use in most urinal types - no rebuilding of urinals necessary
- Can be used for both water-flushed and waterless urinals
- Reduces the water consumption up to 98% through larger flushing intervals
- Contains bacteria cultures that clean and deodorize
- Leaves a pleasant, fresh odour
- Reduces the formation of urine scale and lime stone
- Helps you saving the environment and money

General Information

The BREEZE CAP is an easy-fit, water saving product for urinals. It contains special bacterial cultures that clean and deodorise urinal traps and pipes while enabling great savings in water.
Used in combination with the BREEZE CAP MAT, the product is extremely versatile and can be installed into a variety of urinal types on the market, including concealed and exposed versions.
A typical urinal system only needs to be flushed 1-4 times per day when using the BREEZE CAP and BREEZE CAP MAT.
The friendly bacteria and the reduction of constant flushing reduce the formation of urine scale and lime in the system, which in turn reduces maintenance costs.
BREEZE CAP does not contain carcinogenic pDCB or other harmful or dangerous chemicals. It is particularly suitable for use in public buildings such as hotels, pubs, clubs and restaurants as well as schools and institutions.
Where care should be taken to protect people and the environment, BREEZE CAP is your ideal solution.

Technical Information

Appearance: Coloured waxy solid (blue)
Odour: citrus fragrance
pH-value: 6-8 (1% solution at 20°C)
Solubility in water: soluble
Contains: Sodium Alkylbenzenesulphonate and Citronellol.

Application and Use

- USE:
  - Clean the urinal with BIO CLEAN or ECO TECH before the use of BREEZE CAP
  - Use a brush or sponge to clean also the edges and the drain of the urinal
  - Flush the urinal again with water
  - Afterwards place BREEZE CAP in the urinal and if necessary, use BREEZE CAP MAT
  - Stop or reduce water inflow to a minimum of flushes
  - As soon as BREEZE CAP is almost empty, replace it with a new piece.
- APPLICATION:
  - For the use in water-flushed and waterless urinals
  - Suitable for most kinds of urinals in combination with BREEZE CAP MAT
  - Ideal for the use in public areas such as hotels, restaurants, pubs, schools, universities, ...
