

# SAFETY DATA SHEET

according to Regulation (EC) No. 1907/2006 (REACH), (EU) 2020/878

**Revision date:** 13 Jan 2025

**Print date:** 24 Jan 2025

**Version:** 3

Page 1/14

## Bio Clean Gel NSF 1I

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

**Trade name/designation:**

Bio Clean Gel NSF 1I

**Article No.:**

T165101

**UFI:**

TXN4-N5X6-4000-XS1V

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Use of the substance/mixture:**

Detergents and cleaning agents

**Relevant identified uses:**

**Product Categories [PC]**

**PC 35:** Washing and cleaning products

#### 1.3. Details of the supplier of the safety data sheet

**Supplier:**

**KANDO Service GmbH**

Hartleitnerstraße 3

4653 Eberstalzell

Austria

**Telephone:** +43 (0) 7241 213 79

**E-mail:** msds@kando.eu

#### 1.4. Emergency telephone number

Vergiftungsinformationszentrale (VIZ), Stubenring 6, 1010 Wien, 24h: 01 406 43 43, Montag - Freitag: 8 bis 16 Uhr, Tel.: 01 406 68 98 (keine medizinische Auskunft) (Only available during office hours.)

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

**Classification according to Regulation (EC) No 1272/2008 [CLP]**

| Hazard classes and hazard categories                    | Hazard statements                | Classification procedure |
|---------------------------------------------------------|----------------------------------|--------------------------|
| Skin corrosion/irritation ( <i>Skin Irrit. 2</i> )      | H315: Causes skin irritation.    |                          |
| Serious eye damage/eye irritation ( <i>Eye Dam. 1</i> ) | H318: Causes serious eye damage. |                          |

#### 2.2. Label elements

**Labelling according to Regulation (EC) No. 1272/2008 [CLP]**

**Hazard pictograms:**

**GHS05**

Corrosion

**Signal word:** Danger

# SAFETY DATA SHEET

## Bio Clean Gel NSF 1l

### Hazard components for labelling:

Benzenesulfonic acid, C10-13-alkyl derivs., sodium salts; disodium metasilicate; potassium hydroxide

| Hazard statements for health hazards |                            |
|--------------------------------------|----------------------------|
| H315                                 | Causes skin irritation.    |
| H318                                 | Causes serious eye damage. |

| Precautionary statements Response |                                                                                                                                  |
|-----------------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| P302 + P352                       | IF ON SKIN: Wash with plenty of water and soap.                                                                                  |
| P305 + P351 + P338                | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P310                              | Immediately call a POISON CENTER/doctor.                                                                                         |
| P332 + P313                       | If skin irritation occurs: Get medical advice/attention.                                                                         |

### 2.3. Other hazards

No data available

## SECTION 3: Composition/information on ingredients

### \* 3.2. Mixtures

#### Hazardous ingredients / Hazardous impurities / Stabilisers:

| Product identifiers                                                                                      | Substance name<br>Classification according to Regulation (EC) No 1272/2008 [CLP]                                                                                                                                                                                                                       | Concentration       |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

#### General information:

When in doubt or if symptoms are observed, get medical advice. Never give anything by mouth to an unconscious person or a person with cramps.

#### Following inhalation:

In case of respiratory tract irritation, consult a physician.

#### In case of skin contact:

After contact with skin, wash immediately with plenty of water and soap. Rub greasy ointment into the skin.

#### After eye contact:

Protect uninjured eye. In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

#### Following ingestion:

Rinse mouth thoroughly with water. Let 1 glass of water be drunken in little sips (dilution effect). Do NOT induce vomiting. Call a physician immediately.

### 4.2. Most important symptoms and effects, both acute and delayed

Causes serious eye damage. Causes skin irritation.

### 4.3. Indication of any immediate medical attention and special treatment needed

none

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

#### Suitable extinguishing media:

Water, Foam, Extinguishing powder, Carbon dioxide (CO<sub>2</sub>), Sand, Nitrogen, Extinguishing blanket

#### Unsuitable extinguishing media:

Full water jet

### 5.2. Special hazards arising from the substance or mixture

#### Hazardous combustion products:

Carbon monoxide, Carbon dioxide (CO<sub>2</sub>), Sulphur oxides

### 5.3. Advice for firefighters

In case of fire: Wear self-contained breathing apparatus.

# SAFETY DATA SHEET

according to Regulation (EC) No. 1907/2006 (REACH), (EU) 2020/878

**Revision date:** 13 Jan 2025

**Print date:** 24 Jan 2025

**Version:** 3

Page 4/14

## Bio Clean Gel NSF 1I

### 5.4. Additional information

The product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings. Move undamaged containers from immediate hazard area if it can be done safely.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

**Personal precautions:**

Special danger of slipping by leaking/spilling product.

#### 6.1.2. For emergency responders

No data available

### 6.2. Environmental precautions

Do not allow to enter into surface water or drains. Do not allow to enter into soil/subsoil.

### 6.3. Methods and material for containment and cleaning up

**For cleaning up:**

Clear spills immediately. Wipe up with absorbent material (eg. cloth, fleece). Wash with plenty of water.

**Other information:**

Treat the recovered material as prescribed in the section on waste disposal.

### 6.4. Reference to other sections

See section 7 for further information on safe handling.

For further information on personal protective equipment: see section 8.

For further information on disposal: see section 13.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

**Protective measures**

**Advices on safe handling:**

Keep container tightly closed.

### 7.2. Conditions for safe storage, including any incompatibilities

**Requirements for storage rooms and vessels:**

Keep/Store only in original container.

**Further information on storage conditions:**

Protect from frost.

### 7.3. Specific end use(s)

**Recommendation:**

No further relevant information available.

### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

No data available

#### 8.2.2. Personal protection equipment

##### Eye/face protection:

Suitable eye protection: EN 166

##### Skin protection:

Hand protection:

Suitable gloves type: EN 374

Suitable material: NBR (Nitrile rubber)

Breakthrough time: 480 min.

Thickness of the glove material: 0,4 mm

The quality of the protective gloves resistant to chemicals must be chosen as a function of the specific working place concentration and quantity of hazardous substances. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

##### Respiratory protection:

Combination filtering device, Type: A

Observe the wear time limits according GefStoffV in combination with the rules for using respiratory protection apparatus (BGR 190).

##### Other protection measures:

Do not put any product-impregnated cleaning rags into your trouser pockets. When using do not eat, drink, smoke, sniff. Avoid contact with skin, eyes and clothes. Take off contaminated clothing and wash it before reuse. Wash hands thoroughly after handling.

#### 8.2.3. Environmental exposure controls

No data available

### 8.3. Additional information

No tests were carried out. The selection was made for the preparations to the best of our knowledge and via the information provided by the ingredients. For preparations, the resistance of glove protection materials cannot be calculated in advance and must therefore be tested before use.

## SECTION 9: Physical and chemical properties

### \* 9.1. Information on basic physical and chemical properties

#### Appearance

**Physical state:** Liquid

**Colour:** colourless

### 9.2. Other information

No further relevant information available.

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

This material is considered to be non-reactive under normal use conditions.

### 10.2. Chemical stability

The product is chemically stable under recommended conditions of storage, use and temperature.

### 10.3. Possibility of hazardous reactions

No known hazardous reactions.

### 10.4. Conditions to avoid

No information available.

### 10.5. Incompatible materials

Aluminium, zinc

### 10.6. Hazardous decomposition products

No known hazardous decomposition products.

Decomposition products in case of fire: see section 5.

## SECTION 11: Toxicological information

### \* 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

<sup>1</sup>: Acute Toxicity Estimate. Harmonised (legal) classification.

### Skin corrosion/irritation:

Causes skin irritation.

### Serious eye damage/irritation:

Causes serious eye damage.

### Respiratory or skin sensitisation:

No further relevant information available.

### Germ cell mutagenicity:

No further relevant information available.

### Carcinogenicity:

No further relevant information available.

### Reproductive toxicity:

No further relevant information available.

### STOT-single exposure:

No further relevant information available.

### STOT-repeated exposure:

No further relevant information available.

### Aspiration hazard:

No further relevant information available.

## 11.2. Information on other hazards

### Other information:

Has degreasing effect on the skin. May be absorbed through the skin. May cause respiratory irritation.

Not tested preparation. The statement is derived from the properties of the individual components.

## Bio Clean Gel NSF 11

### Additional information:

The surfactant contained in this mixture complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

### 12.3. Bioaccumulative potential

|                                  |                     |                   |
|----------------------------------|---------------------|-------------------|
| <b>2-butoxyethanol</b>           | CAS No.: 111-76-2   | EC No.: 203-905-0 |
| <b>Log K<sub>OW</sub>:</b>       | 0.81                |                   |
| <b>sodium p-cumenesulphonate</b> | CAS No.: 15763-76-5 | EC No.: 239-854-6 |
| <b>Log K<sub>OW</sub>:</b>       | -1.1                |                   |

### Accumulation / Evaluation:

No indication of bioaccumulation potential.

### 12.4. Mobility in soil

No information available.

### 12.5. Results of PBT and vPvB assessment

|                                                                 |                      |                   |
|-----------------------------------------------------------------|----------------------|-------------------|
| <b>2-butoxyethanol</b>                                          | CAS No.: 111-76-2    | EC No.: 203-905-0 |

### 14.7. Maritime transport in bulk according to IMO instruments

No data available

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU legislation

##### Restrictions on use:

Use restriction according to REACH annex XVII, no.: 3, 75

Observe restrictions to employment for juveniles according to the 'juvenile work protection guideline' (94/33/EC).

Observe employment restrictions under the Maternity Protection Directive (92/85/EEC) for expectant or nursing mothers.

##### Other regulations (EU):

Labelling for contents according to regulation (EC) No. 648/2004

< 5% anionic surfactants

< 5% non-ionic surfactants

##### Directive 2004/42/EC on the limitation of emissions of volatile organic compounds:

Volatile organic compounds (VOC) content in percent by weight: 5 weight-%

#### 15.1.2. National regulations

No data available

### 15.2. Chemical Safety Assessment

For this substance a chemical safety assessment has not been carried out.

## SECTION 16: Other information

### 16.1. Indication of changes

|       |                                                                          |
|-------|--------------------------------------------------------------------------|
| 3.2.  | Mixtures                                                                 |
| 8.1.  | Control parameters                                                       |
| 9.1.  | Information on basic physical and chemical properties                    |
| 11.1. | Information on hazard classes as defined in Regulation (EC) No 1272/2008 |
| 12.1. | Toxicity                                                                 |
| 12.2. | Persistence and degradability                                            |
| 14.3. | Transport hazard class(es)                                               |
| 16.1. | Indication of changes                                                    |
| 16.2. | Abbreviations and acronyms                                               |

### 16.3. Key literature references and sources for data

No data available

### 16.4. Classification for mixtures and used evaluation method according to regulation (EC) No 1272/2008 [CLP]

| Hazard classes and hazard categories                    | Hazard statements                | Classification procedure |
|---------------------------------------------------------|----------------------------------|--------------------------|
| Skin corrosion/irritation ( <i>Skin Irrit. 2</i> )      | H315: Causes skin irritation.    |                          |
| Serious eye damage/eye irritation ( <i>Eye Dam. 1</i> ) | H318: Causes serious eye damage. |                          |

### 16.5. List of relevant hazard statements and/or precautionary statements from sections 2 to 15

| Hazard statements |                                                    |
|-------------------|----------------------------------------------------|
| H290              | May be corrosive to metals.                        |
| H302              | Harmful if swallowed.                              |
| H314              | Causes severe skin burns and eye damage.           |
| H315              | Causes skin irritation.                            |
| H318              | Causes serious eye damage.                         |
| H319              | Causes serious eye irritation.                     |
| H331              | Toxic if inhaled.                                  |
| H335              | May cause respiratory irritation.                  |
| H412              | Harmful to aquatic life with long lasting effects. |
