- Completely hologram and haze free even on dark colours
- Low product consumption
- Saves application time and material
- Silicone & Silica free
- 2 in 1
- Removes sanding marks and polishes at the same time
- Highly glossy

GENERAL INFORMATION

Techno Polish Hologram Free is a liquid abrasive compound for definitive removal of painting defects, such as sanding marks, car wash scratches, paint oxidation, etc. It restores shine to opaque and oxidised paint finishes simply. It's specially designed and developed for quick and clean use without water. It allows you to see the removal of the flaw immediately. Reduced working time.

Technical Information

Composition: Emulsion containing inert inorganic abrasive.
Appearance Liquid abrasive polish
Colour Light Blue
Odour: Characteristic
Solubility: Miscible in water
Shelf Life: 18 months in closed containers in ambient temperature.

APPLICATION AND USE

- On all automotive paint, including: acrylic, water-based, high solid LOW VOC, two-component and OEM auto products. Perfect for polishing anti-scratch ceramic paint.
  Do not use excessive compound.
  Do not add water while using.
- USE:
  Apply Techno Polish Hologram Free in small quantities to surfaces to be polished. Only polish small areas little by little.
  Polish the surface applying medium pressure until the scratches and imperfections have been removed.
  Reduce pressure to allow the pad to polish.
  After polishing remove any residue and buff the surface with our clean microfibre cloth.
  If required, finish with Techno Polish Hologram Free with a white or black foam pad.
