TECHNO SOLV ECO

General Information

TECHNO SOLV ECO is a 100% chloride-and aromatics-free solvent. It meets requirements about the new regulations regarding the safety in workplace. It is a plant compound which can be

used safely to degrease, cleaning and remove oils, greases, waxes and inks. It leaves a pleasant odour after use. It is therefore perfect both for cleaning and degreasing surfaces.

Technical Information

Appearance: liquid
 Colour: colourless
 Odour: characteristic
 Flash point: $23^{\circ}\text{C} \leq T \leq 60^{\circ}\text{C}$
 Relative density: 0,810 kg/l

VOC Value: 100%
 Biodegradability: Readily biodegradable (OECD301F)
 Solubility: insoluble
 Safety measures: consult the safety data sheet.

Application and Use

- APPLICATION
- Suitable for machine/body shops, mechanical industries, printing houses, companies/public facilities.
- Surface degreasing
- This product can effectively replace substances such as trichloroethylene, trichloroethene, and other chlorinated solvents.
- Please note that drying time is longer compared to other products due to its lower evaporation rate.
- TECHNO SOLV ECO is an excellent solution for removing vandalism and unwanted advertising, including unauthorized billboards, commercial posters, non-commercial stickers, and labels from bus stations, shop windows, concert halls, traffic equipment, electrical transformers, telephone booths, shopping centers, universities, and more.
- It is also highly effective for removing adhesive residues such as brown and transparent adhesive tapes, foam tapes, sealing tapes, double-sided tapes, duct tapes, carpet tapes, mounting tapes, and similar materials.
- USE
- Floors and heavily soiled surfaces: apply the product, scrub, and allow the surface to dry.
- Waste bins: apply generously inside the bin to achieve effective degreasing and deodorizing results.
- Printing houses: suitable for cleaning rollers.
