SUPERSOLV

NON-FLAMMABLE HIGH PRESSURE SOLVENT

- Extremely powerful
- High pressure jet spray
- Evaporates instantaneously.
- Leaves no residues
- Non-flammable
- Safe to use on electric and electronic equipment connected to a power source.
- High effective cleaning and degreasing

General Information

SUPERSOLV is a non-flammable, fast drying industrial degreaser that leaves no residues. The jet spray simplifies to apply difficult to reach areas. Safe and economical in use thanks its non-flammable properties and the self evaporation. SUPERSOLV clean metal parts, glass, ceramics, most of plastics from oil, grease, carbon and soiling residues.

Technical Information

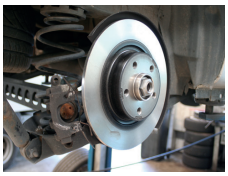

Physical state: Liquid
Colour: not determined
Odour: not determined
Melting point: -97 °C
Boiling point: 40°C
Upper/lower flammability or explosive limits: 13 – 22 Vol-%
Density (at 20°C): 1,3
Water solubility: partially soluble
Partition coefficient: n-octanol/water: 1,25
Self-ignition temperature: 605°C
VOC: 100%
Flash point: none
Shelf life: see below
Safety measures: Consult the Safety Data Sheet

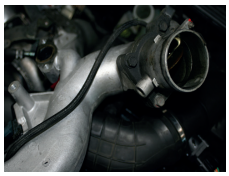

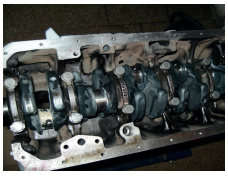

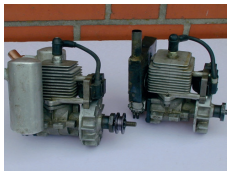

Physical state: Aerosol
Colour: not determined
Odour: not determined
Relative density: 1.2 – 1.3
Water solubility: insoluble
VOC: 100%
Shelf life: see below
Safety measures: Consult the Safety Data Sheet

Application and Use

- Application: Cleaning of car and truck engines, use on boilers and burners, dissolves carbon deposits on carburettors, valves, waterwork sliders, pumps and machine casings, dissolves ink, cleaning of printing equipment and electromechanical parts. SUPERSOLV dissolves standard oils, grease and tar. Cleaning surfaces of all parts that need to be clean and dry immediately!
- Use as aerosol: Spray and allow product to work for a few seconds. Repeat if necessary on stubborn dirt or stains.
  It´s highly recommended, to test the product before applying to plastics, paints and synthetic materials.
- Use as liquid: Apply with a cloth or in a bath. This solvent is not compatible with degreasing part washers!
