NOVALEAK WATER

GENERAL INFORMATION

NOVALEAK WATER prevents the long search for possible leaks in coolings systems.
NOVALEAK WATER quickly traces water seepage in leaking installations.
It can be left in the cooling system permanently and therefore simplifies future inspections.
NOVALEAK WATER will give a fluorescent effect after

mixing with cooling water.
With the help of NOVALEAK LAMP the fluorescent contrast will become clearly visible.
The NOVALEAK LAMP is delivered together with U.V. safety glasses.
They protect the eyes against UV-light and make the contrast liquid even more visible.
