

Automotive AQUASOLV

AQS

FAST, SAFE AND ECOLOGICAL CLEANING AND DEGREASING

- Strong penetrating effect that "lifts" the dirt.
- Universally applicable, non-corrosive, non-flammable. Can be used safely on machines, tools, cooling systems, motors.
- Fully biodegradable.
- 100% soluble in water.
- Very economical in use - highly concentrated - dilute with water from 1/1 up to 1/40.
- Can be used for manual as well as for high-pressure cleaning

GENERAL INFORMATION

AQUASOLV is a concentrate of water-soluble solvents, penetrating agents, wetting agents and synthetic detergents with the ability to attack the molecular structure of soils, greasy deposits, gummy residues and imbedded grease stains without damaging the surface itself. Soils are then detached by capillary action and emulsified for complete removal

by mopping or rinsing. AQUASOLV is completely biodegradable and does not contribute to water pollution. AQUASOLV is non-flammable and non-toxic to humans or pets. AQUASOLV contains a powerful corrosion inhibitor to reduce the hazard of corrosion to steel surfaces which are subject to rusting with most water-based cleaners.

TECHNICAL INFORMATION

Flammability: non-flammable.

Odour: fresh.

Colour: blue.

PH-factor: 12.9.

Toxicity: non-toxic when used properly, do not take internally.

Food industry: see H.A.C.C.P. certificate; meets the

AOX standard: free of absorbable organic halogens.

CAUTION: FOR PROFESSIONAL USE ONLY -

NEVER USE UNDILUTED!

Shelf life: 12 months, keep dry, cool and frost-proof.

Safety measures: consult the Safety Data Sheet.

APPLICATION AND USE

Dilution:	A	B	C	D	E
Parts AQUASOLV:	1	1	1	1	1
Parts water:	2	5	10	20	40

- Workshop equipment A
- Automotive Parts (motors, wheels) A

- Pulleys, winches and cranes B / C
- Motors and cooling systems B / C
- Boats and marine equipment B
- Workshop floors D
- Steam cleaning D
