TECHNO PASTE FINE

GENERAL INFORMATION

TECHNO PASTE FINE is an abrasive polish for removing painting defects, such as sanding marks, car wash scratches, paint oxidation, etc. It restores shine to opaque and oxidised paint finishes simply. It's specially designed and

developed for quick and clean use without water. It allows you to see the removal of the flaw immediately. Reduced working time. It removes scratches permanently - does not hide imperfections with cosmetic.

TECHNICAL INFORMATION AND PACKAGING

Composition: Emulsion containing inert inorganic abrasive.
Appearance: Liquid gelatinous polish
Colour: Fuchsia
Odour: Characteristic

Solubility: miscible in water
Shelf Life 18 months in closed containers in ambient temperature

APPLICATION AND USE

- Ideal to use:
On all automotive paints including: acrylic, water based, high solid, two-component, single-component and OEM auto products.
Fantastic for polishing anti-scratch ceramic paints and new generation LOW V.O.C. clear coats.
- FOR BEST RESULT:
By hand: Spray on paint surface to be polished and remove with a non-scratch microfibre cloth.
NB: For polishing without scratches always use not contaminated microfibre cloth
