TECHNO BODY

SYNTHETIC VARNISH

- TECHNO BODY is a synthetic varnish with a fast dry time.
- TECHNO BODY makes possible an application without dripping on internal parts of bodyworks, ecc...
- TECHNO BODY is useful on metal and synthetic materials.
- TECHNO BODY accelerates the work; it avoids mixing and washing of guns.

GENERAL INFORMATION

TECHNO BODY is a varnish developed in order to meet the needs of repairmen who work in Automotive. Techno Body can be applied on internal parts of cars and industrial vehicle like hood, bumpers, spoilers, ecc ...
TECHNO BODY allows you to replace other undercoats and primers thanks to its 4 colours. This range of colours guarantees a fast covering capacity of the lacquer you will use. TECHNO BODY accelerates the work; it avoids mixing and washing of guns. Cleaning the equipment, mixing or weight measurements are no more necessary.
